# Stocks Open Year with Quiet Rally

New York-(AP)-Stocks today greet 1940 with a quiet market

The direction was upward from the opening and, near the final hour, gains of fractions to a point or so predominated. Dealings, however, dragged throughout, with transfers at the rate of approximately 600,000 shares.

Among numerous forecasts conned by market followers were A M Byers those from the merchandising American Can field, where the outlook was said Am Locomotive to point to first quarter gains in Am P Light retail spending over the same time Am P L pfd last year of 5 to 8 per cent for the Am Radiator country as a whole. It was also re- Am Roll Mills called store sales early in 1939 were Am Smelting relatively satisfactory.
